Product Name	Description	Price
<b>M-Tech Voice</b> 	M-Tech™ Voice is a simple voice or pen-activated software product for taking an inventory for a household move. The inventory can be printed or emailed. It links smoothly to the in-house systems currently available to Moving Companies, and Agencies. As a result, it makes the moving industry efficient and more productive. It brings the industry into the technical world in a user friendly way. The mover will no longer have to write down long inventories and battle with handwriting.	\$750.00
<b>M-Tech Office</b> 	Program needed by Agencies and Van Lines for viewing multiple drivers job files. Used by the Owner/Operator on a home computer for viewing archived job files	\$850.00
