

THE ULTIMATE PROTECTION

A Division of ACTON International Inc.

AirBoss CBRN Lightweight Overboot (ALO)

Provides more than 24 hours protection against chemical and biological warfare agents.

Smooth surface, special compound and design facilitate proper decontamination.

Three adjustable, decontaminable, elastic loop closures.

Quick and easy to don and doff.

Flexible material and design assures good closure / integration with leg of CBRN Suit.

Excellent physical properties.

Antistatic sole, meeting EN344 and DIN 4843 requirements.

Low volume packaging for optimised storing and stowing.

Available in 7 sizes (XS, S, M, L, XL, XXL, XXXL) to cover primary footwear sizes 3 through 17 (36 to 54 European sizes).

Meets NSN 8430-99-869-0394 to 0399 and NSN 8430-99-601-8463 (UK/SC/5357, latest issue, CBRN Overboots MK5).

Custom features, such as packing and marking, can be incorporated based on client needs.
