SURVIVAIR

A Bacou-Dalloz Company

OPTI-FIT

TACTICAL GAS MASK

- Utilizes Opti-Fit full facepiece with a nozzle to fit DIN-threaded (NATO) canisters for riot control gases (CN, CS and pepper spray).
- A full facepiece constructed of soft silicone for excellent comfort.
- Three sizes (small, medium and large) to fit most facial sizes and shapes.
- An anti-scratch coated polycarbonate lens that is virtually free from distortion, making it applicable for tactical use where a full range of vision is important.
- Facepiece comes standard with a nose-cup to reduce fogging inside the lens.
- Canister can be worn as front-mount or side-mount on either side of Gas Mask. Provides protection from riot-control gases (including CN and CS) and P100 particulates.
- NIOSH Approved (TC-14G-0264)
- Belt mount or shoulder mount carry bag

The Cougar SCBA, Meets the demands of Industrial, and Emergency Response users who want the finest respiratory protection against environments that are immediately dangerous to life or health (IDLH).

The Cougar design eliminates costly, unnecessary fire fighting features

The Panther SCBA, with the MightyLight® backpack, the most comfortable, lightweight backpack available.
