

# POWERHEART<sup>®</sup> CRM<sup>™</sup>

cardiac rhythm module

## NEW ARRIVAL!

### Powerheart CRM Transport Carrying Case..... Pick up-and-Go

The Powerheart CRM Transport Carrying Case is specifically designed to facilitate the use of the CRM during transport when you need to pick up-and-go with the CRM. Two side pockets can accommodate all the major CRM accessories including:

- External AC Power Supply Module with power cord
- Therapy Patient Cable
- 3-Lead ECG Patient Cable
- Therapy Electrode PADS
- ECG Single Use Disposable Electrodes
- CRM Quick Reference Guide

The CRM Transport Case contains a built-in pouch and power cord port for insertion of the AC power supply module enabling the CRM to be continuously plugged into AC without removing the CRM from the carrying case.
