The Mission

FOUR S TELECOM's on-going commitment is to be recognized by our personnel, customers, and suppliers as the leader and dominant distributor of communications and data products in the markets we serve.

Accordingly, FOUR S TELECOM will consistently provide high quality products at low-cost, available from large inventories, timely delivered by way of service excellence and supported by the best personnel in the business.

The Profile

FOUR S TELECOM is a major international manufacturer and distributor of Fiber Optic, Outside Plant, Data Communications, CATV/Broadband equipment, Security Equipment as well as Business Telephone Systems and Accessories. We distribute over 40,000 telecommunication products produced by over 1200 different world-class manufacturers. What sets the FOUR S TELECOM apart is the company's ability to provide integral solutions to its customers, together with competitive pricing, reduced freight costs through consolidation, and on-time reliable deliveries.

The Suppliers/Partners

FOUR S TELECOM's suppliers/partners are;

- Established and financially sound with sufficient physical facilities and manpower to satisfy ongoing company requirements.*
- Have the capability to expeditiously provide technical expertise and support when required with minimum of delay.*
- Have the capability to meet production and/or delivery schedules on time in the case of goods, and/or their lead times in the case of services.*
- Have products and/or services that meet or exceed industry specifications for quality and performance standards.*
- Provide reliable and complete documentation for installation, testing, calibration, maintenance and repair when applicable.*

The Supply Capabilities

Full Line of Products;

We are committed to offering you the best brands in the business. Our access to inventory includes over 40,000 products from more than 1200 world-class manufacturers. As always, we carry a full line of Fiber Optic, Outside Plant, Data Communications, CATV/Broadband equipment, Security Equipment as well as Business Telephone Systems and Accessories to satisfy all your needs as you provide new services and technologies to your customers.

Wide Range of Services;

On-time delivery is at the heart of our service. We understand how important it is to you that products arrive on schedule. So, if we advise you its in stock, your order will be processed immediately and shipped within 24 hours.

Our distribution network is by state-of-the-art computerized system that facilitates order entry, tracking and shipping. When you work with FOUR S TELECOM, you make one call and place one order regardless of the number of products ordered.

*If your requirements however are such that you need several orders to arrive at the same time, we will stage your order and hold all the various products until everything is gathered in one place. We then send it in **one shipment with one invoice**. At FOUR S TELECOM, we are dedicated to "just-in-time" inventory and delivery.*
