

COMPANY PROFILE

*Leader in Surface
Mining Technology*

DOVE EQUIPMENT & MACHINERY Co., Ltd., a member of DOVE Group of Companies, is a major manufacturer and supplier of technology, packaged in a wide range of Products & Technical Services, all under one roof for the Planning, Exploration, Development and Exploitation of Non Fuel Mineral Resources, covering the total Life Cycle of your Mining Project. DOVE supplies Machinery, Equipment and Accessories for Surface Mining of Gold, Platinum, Dimond, Color Gem Stones, Light Metals, Base Metals, Ferrous Metals, Sand, Gravel, and Coal. Whilst the specific discipline and the area of expertise of each core company within the DOVE Group of Companies is different, however combining the knowledge and expertise of the core companies give DOVE a unique range of capabilities to service the mineral industry, worldwide. DOVE Group of Companies consist of the following Independent Core Entities ;

- DOVE EQUIPMENT & MACHINERY Co., Ltd.
Head office (Bangkok, Thailand)
- DOVE HOLDING CORPORATION
(Nevada, USA)
- DOVE TRADING Co., Ltd.
(Bangkok, Thailand)
- DOVE GEMS & JEWELRY Co., Ltd.
(Bangkok, Thailand)

EFFECTIVE PARTNER ;

DOVE EQUIPMENT & MACHINERY Co., Ltd., is Asia's Manufacturer & Supplier of the largest range of Mining & Earth Moving Equipment and Accessories. With over 35 years of manufacturing experience, DOVE Mining Equipment has established a proven history of reliability and performance around the Globe. Our Equipment are designed & built for highest yield of **Mineral Recovery**, with highest **Quality and Value**. With the Manufacturing and supply of the Top Quality Machinery & Equipment, Packaged with a wide range of Technical Services, Competitively Priced, **DOVE** is the **most Effective Partner** to supply your operational requirements.

OUR MISSION ;

DOVE shall expand Global Leadership in Surface Mining Technology, through an unrelenting focus on customer satisfaction and technical excellence, as our clients are the most crucial element of our enterprise. A strong desire to meet our client's needs continues to provide us with the impetus to challenge traditional mineral recovery methods and capitalize on new technologies to improve your mining project performance, there by making you more competitive in the market place. We are dedicated to give you the ultimate in service and support.

PRODUCT RANGE

*Total Solution
to Recovery & Production of Metals,
Precious Stone & Other Heavy Minerals*

DOVE EQUIPMENT & MACHINERY Co., Ltd., Manufacture & Supply a complete range of Integrated Processing Plants and Accessories with ore through put capacities ranging from 2 M³/HOUR to over 1000 M³/HOUR of solids, for recovery of Diamonds, Color Gemstones, Gold, Platinum, Base Metals, Ferrous Metals, Light Metals, Sand, Gravel and Coal. These processing plants are configured in Various Ranges from Portable & Mobile Plants, to Semi Permanent & Stationary plants, as well as Dry Processing and Floating Plants, Designed for either Mechanical Extraction Methods or Aqueous Extraction Methods. DOVE also supplies a full range of Earth Moving & Construction Equipment, as well as Equipment, Instruments & Accessories for Testing & Identification of Minerals and Enhancement of Precious Stones. All Equipment Manufactured by DOVE carry a one-year Manufacturer Warranty. More specifically DOVE range of products consist of:

- Portable Exploration Wash Plants
- Mobile Processing Plants
- Semi-Permanent Processing Plants
- Dry Processing Plants
- Floating Plants & Dredgers
- Revolving Screens (Trommels)
- Ore Feed Stations
- Gravity Concentrators
 - Jig Separators
 - Vibrating Sluice Box
 - Shaking Tables
- Separators
 - Vibrating Dry Screeners
 - Vibrating Wet Screeners
 - Grizzly Separators
- Conveyors
- Pumps
 - Centrifugal Pumps
 - Slurry Pumps
 - Flood Lifters
- Educing Stations
- Monitors
- HDPE Pipes
- Steel Pipes (black & galvanized)
- High Pressure Hydraulic PVC Pipes
- Steel Structures
- Power Plants (Generators)
- Compressors (Portable & Stationary)
- Earth Moving & Construction Equipment
 - Loader Back Hoe
 - Hydraulic Excavators
 - Loaders
 - Bulldozers
 - Graders
 - Rollers
 - Wheel Paver
 - Lift Trucks
 - Tractors
- Minerals Test, Identification & Enhancement
 - High Temperature Furnaces
 - Electric (up to 1850°c) & Gas
 - High Intensity Fiberoptic Light Source
 - Ultraviolet & Day Light Source
- Camp & Mining Site Accessories
 - Mechanical Accessories
 - Electrical Accessories
 - Construction Accessories

Over Quarter of century, our equipment has been implemented in hundreds of mining projects worldwide.

TECHNICAL SERVICES

*Timely & Superior
Technical and Operational Services*

DOVE Technical Services, a division of DOVE EQUIPMENT & MACHINERY Co., Ltd., provides **Timely & Superior** Technical and Operational Services, in order to support the successful implementation of your Mining Project. DOVE Engineers and Technicians are readily available to address your project requirements and assist you in your Mining project from the day one. We will support your project from the initial step of Project Planning, through Prospecting, Exploration, Development and the Exploitation. We also provide on site Training services and Plant Performance Optimization services.

The **QUALITY** & the **COST** of our services are unparalleled in the industry. Our Technical staff are ready to serve your needs Internationally, whether you require one small unit or a complete Turnkey project. Services include:

CORE COMPANIES

*Major force in
The World of Mining*

DOVE HOLDING INC., a Nevada corporation with head office in Los Angeles California is the Mining arm of DOVE Group of Companies. DOVE HOLDING mission is to continuously identify and develop new mineral deposits around the globe. The company's interest is to participate in the Exploration, Exploitation and Trading of Precious Metals Ferrous Metals, Base Metals, Light Metals and Precious Gem Stones. DOVE HOLDING is currently involved in several Mining Operations in Africa and Asia. Some of the projects are listed below:

- Rwanda (Tantalite, Niobium & Tin Mining Operation)
American Rwanda Minerals s.a.r.l. (Amerwa)
- Madagascar (Gold, Corundum/Sapphire Mining Operation)
Madagascar Mineral Corporation (Mamico)
- Madagascar (Corundum/sapphire Mining Operation)
Millenium Mining s.a.r.l.
- Kenya (Corundum/Ruby & Sapphire Mining Operation)
Megalith Mining Co., Ltd.
- Cambodia (Gold, Precious & Semi Precious Stones)
Dove Gems Co., Ltd.

DOVE HOLDING INC., is also a supplier of the following minerals;

- Precious Metals
- Ferrous Metals
- Base Metals
- Industrial Minerals

PRECIOUS STONE AND JEWELRY

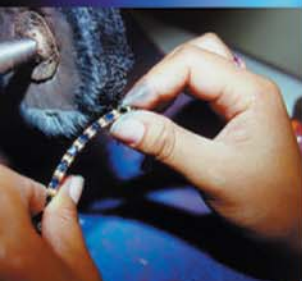

DOVE TRADING Co., Ltd., is a major supplier and whole seller of Precious Stone and Jewelry to the international market. The company supplies the following products:

- Precious Color Gem Stone (Rough & Cut).
- Semi Precious Color Gem Stone (Rough & Cut).
- Gold Jewelry (14K, 18K, 22K).
- Silver Jewelry.

Since its inception in 1990, DOVE TRADING Co., Ltd., has been the pioneer in opening the international market for Precious Stone, sourced from new deposits. DOVE is the first company which introduced the Blue Sapphires of North Madagascar (ANIVORANO) in 1997, and the Pink & Blue Sapphires of South Madagascar (ILAKAKA) in 1998 to the international market.

DOVE GEMS & JEWELRY Co., Ltd., is a Major Manufacturer of Jewelry & Precious Stone. DOVE also supplies processing services for Cutting, Polishing of Precious & Semi Precious Gem Stone, as well as enhancement (Heat Treatment) of Precious Stone (Ruby & Sapphire).

*Asia's manufacturer of
the largest range of Mining
Equipment & Accessories is a
major supplier of Earth Moving &
Construction Equipment.*

*Providing a full range of Technical Services
for Project Planning, Exploration,
Development and Exploitation,
covering the total life cycle of your Mining Project.*
