

 *Omni International, LLC*
Protecting People and Products™

Omni International, LLC was founded in 2000 as a medical products marketing and sales company. The company's charter expanded to include cleanroom and industrial markets with the merger of OmniTech Corporation, a company established in 1995.

Omni International, LLC's focus is to develop and market state of the art products and to provide unparalleled service to our customers. We believe that constant attention to achieving perfection in these areas makes Omni International, LLC the best value for our distribution partners. We take great pride in our products, people and, most of all, our customers' success.

Innovation

Omni International, LLC's current product offering consists of glove products for medical, industrial, and cleanroom manufacturing uses. We offer gloves made from a variety of polymers including natural rubber latex, nitrile, and PVC. We are constantly working to expand our product offering to meet the changing needs of end-users and have several new polymers in development in addition to those listed above.

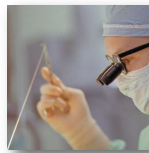

Quality

Omni International, LLC maintains strong relationships with manufacturers in a variety of locations throughout the world including China, Malaysia and Thailand. Our partners are world-class manufacturers. Omni International, LLC's products are produced in modern manufacturing plants, most of which were built or remodeled within the past 3 years and all are ISO certified. Both Omni International, LLC and our manufacturing partners take great pride in product quality.

Supply Efficiency

The last thing our customers want from us are surprises concerning delivery of product. Omni International, LLC is partnered with a major logistics company having operations throughout the world. This partnership provides Omni International, LLC with the ability to move product seamlessly from our manufacturing partners to our customers. Our goal is swift, reliable and economical movement of products from our factories to your distribution center - with no surprises!

Service

Omni International's customer service organization is experienced and well equipped to handle all aspects of communication with our customers. We have invested in state of the art technology to ensure that doing business with Omni International, LLC is a pleasure. Our goal is to fit our customers' needs whether they be best served through direct personal communication, EDI, or the Internet. We are equipped to handle order processing and inquiries with speed, accuracy and personality. In addition to our office-based customer service staff, we are proud of our ability to offer assistance to our customers in person through our staff of experienced field personnel. Our field staff is trained to provide service, product education, and sales support to our customers.
