

E L TALLER COLABORATIVO, PC (ETC), a medium-sized, certified Minority-Owned Business Enterprise (MBE), has been providing comprehensive Architectural, Engineering, Planning, and Construction Management services since its founding in 1985.

Our staff includes many professionals with extensive experience in architecture, landscape architecture and urban design, electrical and mechanical engineering, civil and transportation engineering, infrastructure and structural design, rehabilitation, inspection and construction management. ETC has planned and designed projects ranging from 50 thousand to 600 million dollars.

ETC's strength and record of success is a result of our unique multidisciplinary structure, commitment to quality, and responsiveness to our clients' needs. With an efficient project management, and full-service computerized capabilities, including Microstation and AutoCAD, we can assemble customized project teams, meet stringent schedules and budgets, and fulfill each client's goals.

The firm's principals: **Alex Garcia, RA, AICP, LEED™**, a registered architect and planner; **Milan Patel, PE**, a building systems engineer; **Francisco Ruela, RA, LEED™**, a registered architect; and **Jim Welsh, CLA, LEED™**, a registered landscape architect; are directly involved in the management and development of all projects directly related to their area of expertise. ETC's philosophy encourages an open exchange of ideas and creative problem solving. ETC has built lasting professional relationships with clients and consultants over the years. A measure of our quality and responsiveness is in the high number of our repeat clients.

ETC has teamed up with the top architectural and engineering firms throughout the Northeast. Our assignments have included a wide range of public and private sector clients.

Our clients include:
