

Horizon™

Environmental Services, Inc.

WE DO IT RIGHT THE FIRST TIME

Horizon Environmental Services is a nationally trusted environmental consulting firm based in Austin, Texas with over 100 years of combined experience in National Environmental Policy Act (NEPA) compliance support, with an emphasis on multidisciplinary Environmental Assessments/ Environmental Impact Statements (EAs/EISs), jurisdictional wetlands, cultural resources issues, endangered species, and expert testimony.

Horizon's team of professionals has extensive knowledge of the environmental requirements of federal and state regulations and permits affecting natural resource development and has earned an excellent identity with agency personnel. We take pride in building positive relationships that are committed to providing accurate, cost- and time-efficient solutions to each project.

WE DO IT RIGHT THE FIRST TIME
