

International Mapping Associates

your single source for custom mapping

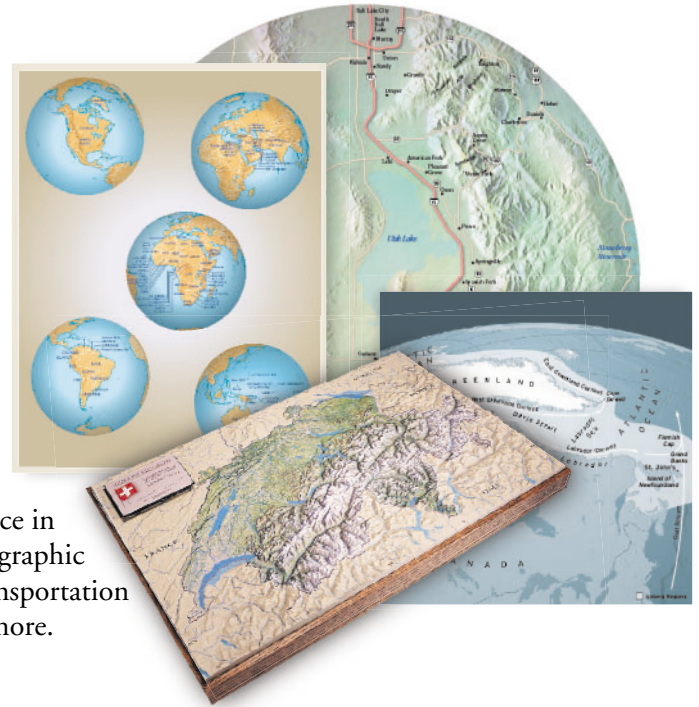

CORPORATE PROFILE

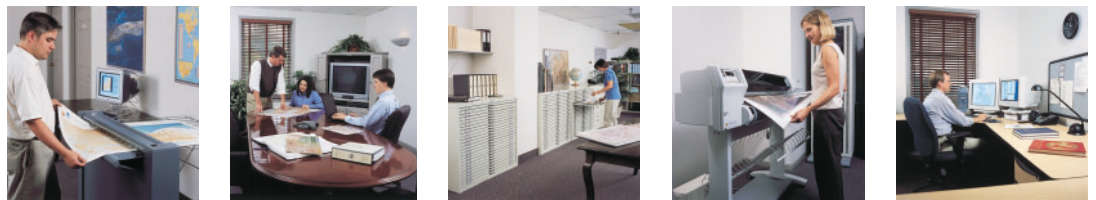

Company Overview

IMA provides custom mapping services that blend the science of digital cartography with the age-old art of map-making. Our team of highly skilled cartographers, many with more than 20 years experience, produces custom maps, information graphics, 3D models, and much more.

The mapping projects IMA tackles range from simple business locators to atlases with hundreds of complex maps and figures. IMA has experience in many areas: boundary litigation, geographic data analysis, textbook mapping, transportation maps, recreational maps and much more.

IMA uses state of the art equipment and technologies to provide its customers with superior quality products and services.
