COMPANY PROFILE:

ISCO is a full service scaffolding contractor earning its solid reputation because of our commitment to safety, quality service, and customer satisfaction. We provide a complete line of scaffold equipment and materials.

We have been an industrial contractor for over five decades. We take pride in our record of mobilizing instantly and then providing quick turnaround times to our customers.

INDUSTRIES WE SERVICE:

Fossil and nuclear generating facilities • Pulp and Paper • Chemical and Petro Chemical • Commercial Projects • Municipal Industries • Steel Mills • Refineries

EQUIPMENT:

Tube and Clamp • System Scaffold • Frames and Accessories • Shoring Systems
Concrete Forming • Stairway Towers • Aluminum Stages up to 30' long
Scaffold Grade Planks • Baker Scaffolding • Temporary Seating Bleacher Systems

AVAILABILITY & EXPERTISE:

We are able to perform virtually any project, at any location. Our knowledgeable office personnel and skilled field crews are available 24 hours a day, 7 days a week. Travel is never an issue. We have performed projects in 47 American States as well as Puerto Rico, Canada, Europe, Asia, Africa, and South America.

Our scaffold erectors have completed the Competent Person/Scaffold Builder training program, which covers the OSHA training requirements for frame, tube & clamp, and system scaffolding. Our training programs help our field personnel ensure that our scaffolds meet, or exceed OSHA standards.

SAFETY FIRST:

ISCO considers their employees to be their most valuable asset. We believe that through preventive maintenance, engineering, training, and motivation of employees, accidents can be minimized, if not prevented entirely. Our safety training records and written programs are available upon request. Our employees complete the following courses:

- HAZWOPER Industrial Emergency Response Course
- OSHA 10-Hour Course
- Confined Space Training required by OSHA statute 29CFR1910.146
- Hazardous Communication Training required by OSHA statute 29CFR1910 & 29CFR1926
- OSHA Fall Protection Training required by OSHA statute 29CFR1926 L,M,X,R
- Asbestos & Lead Awareness required by OSHA statute 29CFR1926.62
- CPR/AED Training provided by The Red Cross
- Respirator Training & Fit Testing required by OSHA statute 29CFR1910.146
- Powered Industrial Lift Truck Operator training required by OSHA statute 29CFR1910.178(1)
