

IbackupU is a small, yet growing, data back-up (storage) supplier, providing data tapes such as DLT IV media tapes and 8mm cartridges.

Currently we have an extensive clientele in the IT industry that we deal with directly through e-mail and referrals. We are however, in the process of constructing our website www.ibackupu.com. Our site will be operational in the near future allowing us to better serve our customers.

We want to help you meet the constraints of the tight budgets that we are all experiencing this year by providing great pricing for your data storage needs.

Data supplies for every budget

***Are you under
pressure to stay
within your
business' budget?***

Giving you the best price on media storage

IbackupU has access to a vast quantity of media storage supplies.

Because of this, we are able to provide you with best prices on media

storage tapes, cartridges, DLT drives and other media accessories. We want to work with you to provide the products you need, at the best possible price in the industry.

Upon receiving your request for pricing we will create a custom estimate to suit your needs.

We will mail, fax or e-mail your estimate back to you within 2 business days. If you find a lower retail price in writing—we will beat it!
