

LORACHE CAD SERVICES

Quality PCB Layout Service

Specializing in precision Printed Circuit Board Layout of Multi-Layer PCB's using PADS Power-PCB EDA Toolsets. Over 23 years experience in RF, High Speed and Mixed Technology Designs. From Power Distribution to Satellite Communication to Wireless Broadband, our designers can perform any layout task to suit the customers needs. Extensive Schematic symbol libraries and PCB footprints built to IPC Specifications.

Client List

Harris Corporation (Microwave Communications Division)

Vectrad Networks Inc.

Microsoft Inc.

MCC Panasonic (Cellular/Pager Division)

PowerGuard

Nortel Inc.

Scientific Atlanta (Antenna Division)

Lithonia Lighting

SIEMENS Energy and Automation

Quality PCB Layout at reasonable pricing!
