

# Circuit Breakers & Controls

## MIB Replacement Circuit Breakers *R-Line*

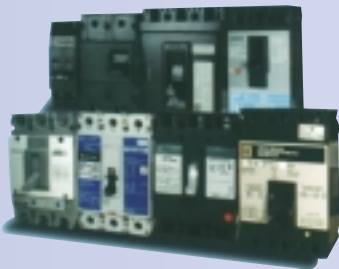

Replaces mechanically and electrically obsolete ITE\* Breakers. Up to 2000 A. Each breaker is individually tested. Shunts, Under Voltage Releases (UVR), Auxiliary Switches and Alarms.

\* ITE is a registered trademark of Siemens Energy & Automation

## MIB Replacement Air Circuit Breakers

Replaces mechanical and electrical Masterpact\* Air Circuit Breakers. From 630 to 6300 A, 600 VAC max. Breakers are manufactured according to IEC-947-2.

\*Masterpact is a registered trademark of Schneider Electric

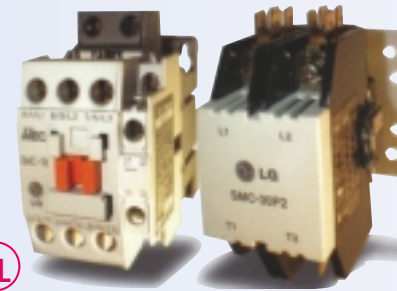

## New Circuit Breakers

We stock new Circuit Breakers by most major manufacturers:

- Siemens
- T & B
- Cutler Hammer
- Federal Pacific
- Square D
- Zinsco
- General Electric
- LG
- ...and others

## LG Motor Control

- Magnetic Contactors and Thermal Overloads
- Variable Frequency Drives
- Digital Motor Protection Relays
- Definite Purpose Contactors

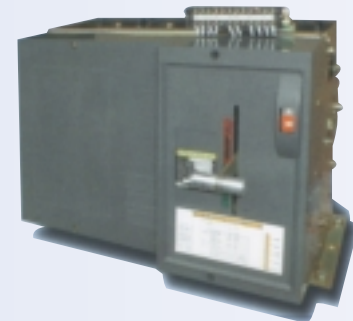

## Koino Motor Controls

- Limit Switches
- Relays and Bases
- Pushbuttons and Pilot Lamps
- Microswitches

## Open Transfer Switch

- We Stock Open Transfer Switches up to 6300 A.
- Automatic Transfer Controller.

## Enclosed Transfer Switches and Air Circuit Breakers

- We stock Enclosed Transfer Switches and Air Breakers up to 6300 A.
- Synchronization and Paralleling Switchgears.

## Medium Voltage Equipment & Cast Coil Transformer

- Vacuum Circuit Breaker
- Vacuum Magnetic Contactor
- SF6 Load Break Switch
- Cast Coil Transformer

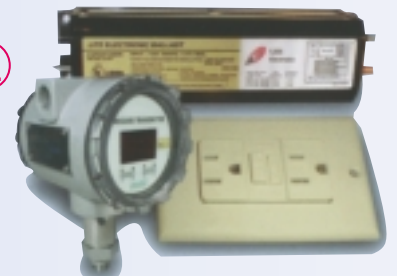

## Circuit Breaker Reconditioning

Our in-house facility is equipped to repair, recondition and test circuit breakers up to 4000 A. Onsite testing and installation is available for the South Florida Area.

## Other Products

- LITE Electronic Ballasts
- SJ GFI Receptacles
- Pressure Transducers
