

Manufacturer of Tracks and Tires

NU-AIR TYRE[™] series

Semi-Pneumatic Tire Technology

- Up to 3 times the life expectancy of pneumatic tires
- Smooth air-cushioned ride
- Zero downtime from unexpected punctures
- Exceptional performance on-and-off road
- Incredible shock absorption to prevent skid loader damage
- Rim included for easy installation
- Works well with over-the-tire tracks

FLAT-PROOF

PROTRAC[™] series

High Performance Skid Steer Tracks

- Maximum traction on any job
- Unbeatable tire protection
- Safe on asphalt and grass
- Heat-treated, hammer-forged pins and links
- Easy to install and inexpensive to maintain
- Crafted with specially formulated steel, not cast iron
- Exceptional floatation in mud, sand, and snow

***Premium Steel and Rubber Tracks available**

NEXT GENERATION Rubber Track series

Heavy-Duty Rubber Tracks

- Tear-resistant
- 20% more rubber
- Forged steel
- Smoother ride
- Extra-thick steel cables
- Manufactured from the highest quality materials
