

PLASMA SCREEN BANANA CASE

The Banana Case

Offers a secure transport solution for 40" and larger plasma screens. The sides flip up to hold the screen by its frame, nothing touches the screen itself. Ideal for rental companies or corporate presentations.

Holds 1 or 2 screens and accessories.

Case Style: ATA with fully recessed hardware. Appropriate for all shipping conditions.

Construction: Plywood laminated with ABS plastic or fiberglass. Heavy duty casters rated at 200 lbs per caster.

Foam Interior: Top grade polyethylene and polyurethane.

Designs on File: Hitachi, JVC, Fujitsu, NEC, Panasonic, Pioneer, Sony and others. Custom designs included as part of our service.
