RECOVERY SYSTEM ACCESSORIES

RECOVERY 20" PARTICULATE FILTER

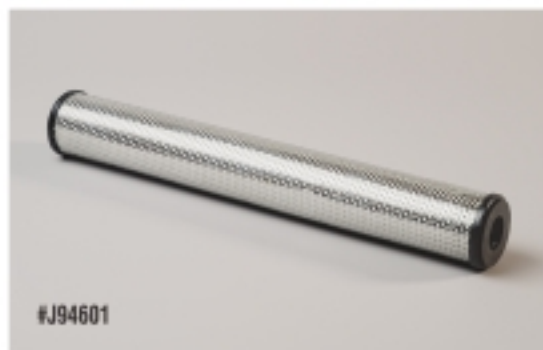

30-micron pre-filters for Selig's Recovery Systems. Help extend the useful life of the cleaning fluid and other system filters. Packed four per carton. Filters fit the Recovery 20" Cartridge Filter Housing (L45101).

RECOVERY 20" FILTER HOUSING

Mounts on the side of all Recovery Systems parts washers and accepts our 20" Cartridge and 20" Particulate filters.

RECOVERY 20" CARTRIDGE FILTER

Dual stage filter traps particulate, greases and oils. Fits the Recovery 20" Cartridge Filter Housing (L45101). Ideal for those who want to maximize useable sink space

RECOVERY SOLVENT SAVER TUBE

Patented design removes particulate from cleaning solution. Reusable. Fits inside the sink drain of the Recovery System 30.

RECOVERY DUAL STAGE FILTER

Provides maximum cleaning of Selig cleaning solutions. Removes particulate as well as greases and oils. Place filter inside the sink and out of the cleaning solution for best results.

RECOVERY RETRO TUBE

Solvent resistant tubing and "L" connector. Attaches to the Recovery Dual Stage Filter for connection to the tri-valve assembly inside Recovery System sinks.
