**Special Offer For
Petrochemical and Chemical
Plant Processing Industries**

MEASUREMENT, TEST, AND DIAGNOSTIC EQUIPMENT FOR RENTAL

**GUARANTEED AVAILABILITY AND LOWEST RATES FOR MAINTENANCE
TURNAROUNDS AND NEW PLANTS, STARTUP AND COMMISSIONING**

Instrument and Controls Test Equipment for:

Pressure Calibration / Gauges, Modules, Transducers and Transmitters
Hand Pumps and Dead Weight Testers / Vacuum and Pneu or Hyd. Pressure
Temperature and RH Calibration / RTDs, TCs, RHs, Dry Blocks and Sand Baths
Flow / Digital Doppler, Transit Time, Ultrasonic, DP
Portable Multifunction Calibrators from Fluke, Transmation, Altek!
Hundreds of Pressure Modules for Fluke, Transmation and Altek!
Transmitter Calibration – Hart, Honeywell, Yokogawa and More!

Mechanical Test Equipment for:

Laser Alignment Equipment
Vibration Measurement/Recording and Analysis
Wobulators and Accelerometers
Torque Wrenches

Electrical Test Equipment for:

Switchgear / Hipot, Meggers, DLROs, Multimeters, High Current Test Sets
Transformers / TTRs, Power Factor Testers from Doble, Biddle & Tettex!
Protective Relays / Single and Three Phase Test Sets
Motors and Rotating Equipment
All Power Equipment

Inspection Equipment:

Borescopes / 6 or 8mm probe, 6-25'
Push Camers / 1" probe, 50-100'
Infrared Camera from Agema, Flir, and Raytheon!

Chemical Testing:

PH, Conductivity, ORP, TDS, Temperature
Detection and Analysis for H₂, O₂, CO₂, LEL, H₂S, SF₆

Recorders and Dataloggers:

Power Demand and Quality Analyzers
Strip Chart Recorders
Customized Data Acquisition Systems Designed For Your Specific Application
