

# **Charter Services™**

Worldwide Air Charter Solutions

Since 1979

## **ABOUT US**

CSI Aviation Services, Inc. was established in 1979 to serve as a worldwide air charter management company with corporate offices in Albuquerque, New Mexico. Allen E. Weh founded the company following airline deregulation. While CSI's corporate growth is a business success story, the emphasis on customer service and integrity is our proudest achievement. We are now the oldest and largest air charter management company of our kind in the U.S. Over the years we have grown, and in the process, built a staff comprised of experts in all fields of aviation and travel.

We have developed and maintained relationships with our aviation suppliers that give our customers a wider range of options than any other single source. Moreover, customers get the full benefit of our industry experience. We offer domestic and international air charter options that ensure you will always have the smartest and safest choices worldwide. Over 80% of our business comes from repeat customers and we average more than eight flights every day throughout the year.

In 1983 we created a department to handle Airline and Military Services for major and supplemental U.S. Carriers. Our understanding of this specialized market, and our familiarity with the Civil Reserve Air Fleet (CRAF) program, provides a valuable resource to our Client Carriers, which includes several of the nation's largest airlines.

In 1997 we entered the cargo air charter market offering Cargo Services to companies and freight forwarders. We now offer Cargo Services as a supplemental service to our customers.

In 1998 we further broadened our services to include Aircraft Leasing and Maintenance for special

requirements. We can provide organizations with dedicated aircraft of any type on a fully-maintained basis. This can be with or without crews and on a short or long-term lease.

Years of experience and our continued focus on customer service have made us the leader in air charter operations.

## **INDUSTRY CAPABILITIES**

- Air Charter
- Corporate Shuttles
- Aircraft Leasing (Wet or Dry)
- Aircraft Management
- Air Cargo
- Government Contracting
- Outsourced Charter Department Services

## **CORPORATE**

We provide convenient air charters to Fortune 1000 companies as well as many other private and public organizations.

## **ATHLETICS**

We provide valuable air charters for collegiate and professional teams. Aircraft options are based on cabin space, price, payload, and airfield preferences.

## **MEETINGS & INCENTIVES**

We provide tailored air charters to incentive programs and meetings. We can get you to exciting locales or unique destinations, at the time you choose, along with the in-flight services you choose.

## **ENTERTAINMENT & MOVIE STUDIOS**

We provide custom air charters for several blockbuster movies and world-renowned music tours.

## **GOVERNMENT AGENCIES**

We provide air charters that support special needs such as on-demand service, security, documentation, and customs clearance.

## **SPECIALIZED SERVICES**

We provide Aircraft Leasing and Maintenance, Aircraft On Ground, and Employee Transportation to companies and Government Agencies having these unique requirements.

## **AIRLINE SERVICES**

We support several major and supplemental U.S. Carriers with Charter Department, Military, and Technical Services.

### Our Contracted Military Carriers:

- |                    |                          |
|--------------------|--------------------------|
| Alaska Airlines    | Hawaiian Airlines        |
| American Airlines  | Horizon Airlines         |
| Delta Air Lines    | Midwest Express Airlines |
| Falcon Air Express | Pan American Airlines    |
| Frontier Airlines  | US Airways               |

We deliver the "Best Value" to our clients in terms of product quality, service quality, and price.
