

Impact Absorbent Technologies Presents...

Safety Products

Photos courtesy of Lakeland Industries

*Impact Absorbent Technologies presents a complete line of safety products, including **Nuclear, Biological, Chemical, and Fire Protection, Medical** clothing and accessories, **Outdoor and Work** protective clothing and gear.*

NUCLEAR, BIOLOGICAL, CHEMICAL

We provide all articles of clothing for nuclear, biological, and chemical protection. This includes boots, gloves, partial and full body suits, and hoods. Also available is a complete line of accessories including, but not limited to, aprons and blankets.

FIRE PROTECTION

All of our heat protective clothing meets OSHA and state requirements. Our heat protective clothing includes firefighter turnout gear and heat resistant clothing. All industry standard accessories are available.

MEDICAL

We are able to supply all hospital scrubs, gloves and gowns as well as EMT gear. Our accessories include aprons, masks, eyewear, caps, and more.

OUTDOOR

Our line of outdoor clothing and gear ranges widely to suit all of your needs. Outerwear includes rain gear, thermal-protective ware, coveralls, jackets, bibs, pants, gloves, boots, and hats.

WORK

We provide a wide range of work gear for all industries. This includes uniforms, hats, protective clothing, gloves, eyewear, boots and more.

Impact is dedicated to fulfilling all your safety needs. Please contact us for more information.
