## A sample of Industry Leaders TSS Represents

### Our Mission

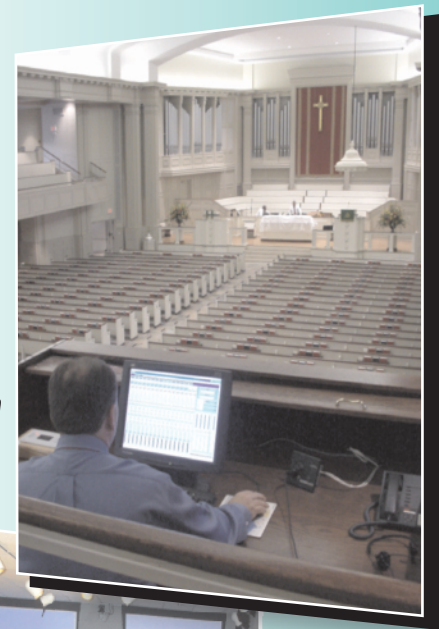

To provide our Clients high quality technology solutions, that are both cost effective and user friendly, with a level of service that is second to none.

### Who We Are

Technical Support Systems is a full service Systems Contractor, specializing in high quality Audio, Video, and Control Systems. We have been providing integrated systems solutions for our Clients since 1984. Drawing on our years of vast and varied experience, we have established a team that excels in all aspects of our industry. All members of our staff are A/V professionals with the knowledge and experience to insure your project will be completed on time and within budget.

### What We Can Do For You

TSS does not aspire to be the largest Systems Integration firm, only the best. Our level of commitment to the success of your project can be confirmed by the many pleased clients TSS has served over the past 20 years. We invite you to allow us to put our expertise, and that of more than 200 of the world's most respected A/V manufacturers to work for you.

Computer controlled Audio System for Worship
