

Integrating Art & Science

## Dancing Banners™

Providing live choreographed dances set to music for special events, trade shows, lobbies, visitor centers, and museums.

# Video Spin Browser™ (Kiosk Format)

Bring the magic of timelapse, high speed, and point-of-view video footage into the interactive realm. For research, education, entertainment, and surveillance.

## Interactivity at the Speed of Your Imagination

Put the process of exploration  
directly into the hands  
of your visitors

# Video Spin Browser™ (Lecture Format)

Medical education, trade show, and meeting presentations tool.

Infinitely better than Powerpoint for presentations containing video.

# Choreographed Iron Dust

Providing live choreographed dances set to music for special events, trade shows, lobbies, visitor centers, and museums.

# Lobby Artworks
