Our Mission Statement:

To provide the best possible telecommunications and related services to our clients in an atmosphere that places the client first and rewards exemplary performance and teamwork.

ComNet's Dependable Answering Service Features:

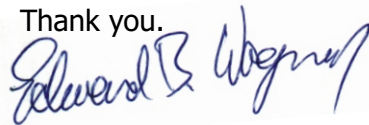

Digital Connection - Our digital connection ensures very rapid call connection, clear, high quality communication and instant caller ID. Our digital connection allows us to handle your calls faster and more accurately.

Multiple Call Handling - Our system allows us to receive multiple incoming calls for your line simultaneously. Your customers will never wait for a personal connection in our call center.

Secure Back-up Dependability - Our system automatically timestamps every activity, eliminating questions about if or when a message or dispatch occurred. We record all conversations digitally for everyone's protection and for quality control.

ComNet wants to earn your business. We are in the answering service business for the long term. Please give us a call for a complete needs study and quote.

Thank you.

Brad Wagnon
