Vgov is designed to create efficiencies within your government organization by enabling you to create an online BOM utilizing clear navigation and easy to read product descriptions & pricing.

### Secure

At CSC we know how critical security is for our customers

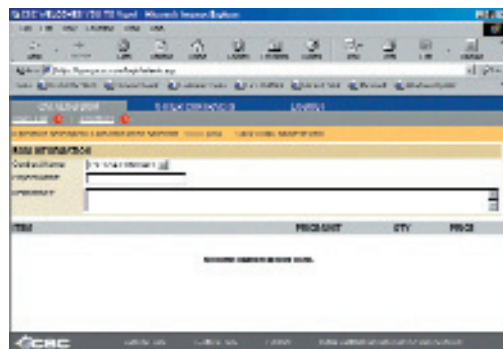

- One-time user registration
- Password Protected (Password provided by CSC)

### Build a Bill of Materials

We know how hectic each day can be and, with that in mind, our process for creating a BOM is fast and easy:

- Choose a contract
- Enter your Project's Name
- Add any Special Instructions

### Search

Identify your material quickly and easily with Vgov's high-powered search engine

- Search by keyword or product description, i.e. Fiber or CMP
- Search by manufacturer part number
- Choose from the pull down list of contracted Manufacturers

### Select

Scroll through the list of Search results and add a quantity to the items you need.

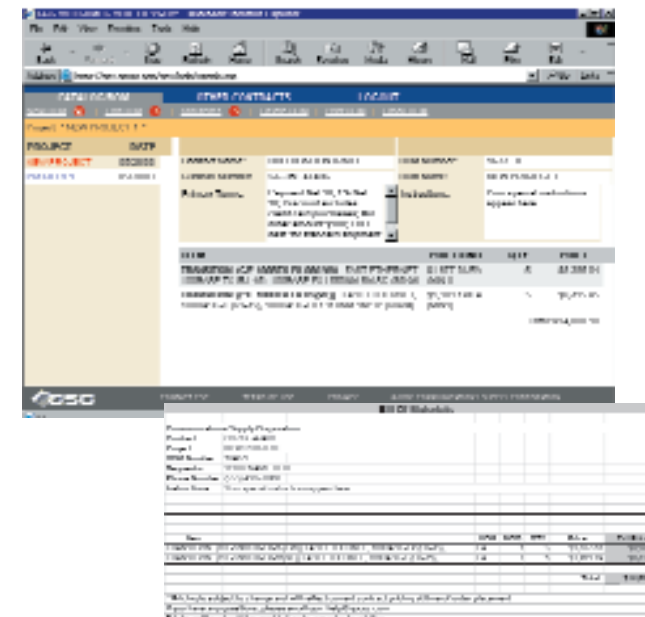

- Detailed product descriptions for accurate selection
- Consistently updated pricing
- List price for comparison
- Unit of measure clearly stated
- Warranty information eliminates need for further research

### Save

Unlike many on-line tools, Vgov allows you to save your BOM for future retrieval

- Input your Project name
- CSC contract name & number
- Ordering terms and conditions
- Saves as Microsoft Excel document for ease of use

### E-mail, Print or Fax

When you've finished compiling your BOM .....

- E-mail it directly to your CSC sales associate for quick order processing
- Send it internally to a member of your own organization
- Print a hard copy for your records or easy faxing
