

Introducing the **Little Brother™** and **Little Brother™ -LE**, available exclusively from  
**WADEWARE Technology Consultants, Inc.** of Port St. Lucie, Florida.

*Little Brother  
&  
Little Brother-LE*

**Now available for only**

**\$6995.00**

*(Prices Effective 01/21/2003)*

*(Equipment appearance and hardware configurations may vary)*

The **Little Brother™** is truly a "turn-key" video surveillance system. This entire system is designed with simplicity in mind and requires no special training to operate. Incorporating a choice of miniature high resolution camera (black & white and color cameras included), the supplied Hi8 digital tape recorder captures the action from beginning to end using state-of-the-art video and audio technology. With a time and date stamp and powerful A/V receiver, the captured audio and video truly memorialize the scene.

The **Little Brother™** comes standard with the following features:

- Standard or alarm-activated recording.
- Alarm recordings from 5 seconds to end of tape.
- Audio & Video outputs for dubbing or record pass-through to external VCRs and TVs.
- Flexible power, easily switch between the 110 A/C wall plug and the 12VDC cigarette plug.
- Multi-functional key chain style remote control.
- Digital recording with the built in Sony GV-D800 (with built in LCD display).
- LCD data display for system programming.
- Easy to use Timer, Menu, Down, Right, and PGM buttons for programming.
- 6 hours on continuous power while running on the internal batteries.
- Pelican box with high power 2400Mhz receiver & 6db antenna mounted inside lid.
- Frequency channel selector button allowing more than one wireless unit to be used.
- Part 90 F.C.C. approved video transmitter (*Factory tested beyond 15 miles line of sight*).
- External alarm input (two wire connection for normally open alarm feature).
- 12VDC 1.2AH/20Hour maintenance free sealed rechargeable brick style battery.
- 12VDC 120AH industrial strength custom battery pack (smaller, for body wear).
- 12VDC battery pack charger.
- B/W board camera.
- Color CMOS pinhole camera.
- Sony standard warranty applies to the GV-D800 recorder.
- 1-year defective (repair or replacement) warranty on all other system components.
- 2-year defective (repair or replacement) warranty on the transmitter & receiver.

The **Little Brother™ -LE**, our **law enforcement only version**, comes standard with everything listed above, plus these additional features:

- Audio line-level input on control board for use with other amplified audio capable devices.
- Audio capable receiver with more powerful 7db patch antenna mounted inside Pelican box lid.
- Sensitive microphone in the Part 90 F.C.C. approved high-power A/V body transmitter.
- Unique law enforcement frequency placement - protects against unwanted interception by other 2400Mhz A/V receivers.

**OPTION #1 (Add \$150.00 per unit)** – External SMA type antenna input for use with your existing 2400MHz high-gain antennas.

**OPTION #2 (Add \$500.00 per unit)** – Upgrade to a Sony GV-D1000 recorder (with built in LCD display).

### **SAMSON Stage-5 VHF wireless transmitter with lavalier microphone.**

- The ST5 belt pack features 1/8" mini-jack input and LM5 Lavalier microphone
- Will operate flawlessly for 10 hours with one 9 Volt Battery
- Includes the "battery fuel gauge" LED battery level meter

### **SAMSON Stage-5 VHF dual antenna wireless receiver with LED display.**

- True Diversity circuitry scans incoming signals 200,000 times per second
- Samson noise reduction for whisper-quiet performance
- 300 ft. minimum distance transmission range
- 13 available VHF channels
- Features variable squelch, six segment LED RF level and audio level metering, dual front mounted antennas and XLR and 1/4" outputs.

### **WOOD's Power Grip suction cup with camera mounting hardware.**

- 6" dia. vacuum cup with 20 lbs capacity camera mount.
- Supplied with pad protector.

### **Accessories.**

- (2) Pelican 1300 storage boxes
- (1) HI-8 video cassette
- (1) year defective equipment repair / replacement warranty.

### Optional Equipment:

**400 Watt 12VDC to 110VAC power inverter. Add \$100.00**

**The Sentinel backup analog video kit. Add \$400.00**

- SAMSUNG 12VDC stereo 4-head VCR
- 5.6" STND LCD video monitor with mounting hardware
- 12ft A/V patch cables
- 14ft alarm record wire (for attachment to switch)
- Records up to 24hrs with T-160 (8 hour) VHS tape
- Date / time stamp and label capability
- Auto rewind and record again capability
- Can be wired to record whenever emergency overhead lights are activated
- Great way to reduce liability and unfounded citizen complaints
- Never miss that important video opportunity ever again!

Item: **DVMR-4]**

**ONLY \$700.00**

Item: **DVMR-16]**

**ONLY \$1,280.00**

(without a hard drive installed)

## -DVMR Specifications:

- ☐ Four or Sixteen Channel Input
- ☐ Horizontal Resolution 480 Lines
- ☐ 16.7 Million Color Output
- ☐ Display In Quad or Single Image (Full MultiPlex)
- ☐ Zoom in Live and Playback
- ☐ 720H X 480V (Full) 360H X 240V In Quad
- ☐ .1 FPS Thru 30 FPS (120FPS Total)
- ☐ Web Interface TCP/IP With Client Software
- ☐ Back-Up With Mark Image, VCR, Time Lapse, Remote Client Software
- ☐ Full Remote Camera Controls (PTZ), Alarms, Wiper, Fans, Etc.
- ☐ HDD 1 02 Internal Up To 200Gig Each, Supports 5 External
- ☐ Operating Temperature 41F thru 104F
- ☐ 44mm X 434mm X 360mm
- ☐ Weight Equals 5KG
- ☐ Power 12VDC 4.5A (Power Supply Included)
- ☐ I/R Remote Control Included
- ☐ JPEG Compression (Far Superior To Wavelet) Is Simply Remarkable Quality
