

INTERNATIONAL CARRIER

McMahon Helicopter Services, Inc.

CRITICAL AIR FREIGHT

The largest helicopter company in the Great Lakes region.

A helicopter is the fastest way to get your urgently needed packages or cargo to your plant.

McMahon Helicopters specializes in emergency air delivery of automotive and other priority cargo.

Our **door-to-door** fast freight delivery service eliminates both ground traffic and air traffic delays. We fly plant-to-plant, vendor-to-plant or airport-to-plant, and within 250 miles, using a helicopter is faster and cheaper than a Learjet.

Things happen, the item did not arrive in time for the flight because of ground traffic, the plane was delayed or the item was mislabeled or simply misrouted. When your **priority** shipment becomes an **emergency** – call us.

Whether you have small packages or large cargo our helicopter charter service can prevent or reduce costly downtime.

We have six turbine-powered helicopters in four different sizes available for charter – **24 hours a day, 7 days a week.**

So when you are in a hurry call us at **1-800-752-8590 or 734-459-5980** and save yourself time and money. We pride ourselves on being ready to go whenever you need us.

Heliport Located @ 1D2 Plymouth Mettetal Airport – 8351 Ronda Drive, Canton, Michigan 48187
