INTERNATIONAL CARRIER

## Executive Transportation

McMahon Helicopters can provide door-to-door quick transportation for corporate executives, medical and other personnel that require special handling for security, time-savings or other individual needs.

Our helicopters can takeoff and land from helipads, parking lots or other private facilities to ensure fast, dependable and secure transportation of your people. We can also provide *dual-pilot* and *twin-engine* turbine helicopters for corporate clients who require special treatment.

Our pilots are all high-time, professionals who know the area and can make your people feel both comfortable and safe on every flight.

So whether you need a helicopter for a medical team, a real estate survey flight or for quick transportation of high level corporate management, **McMahon Helicopters** has the equipment, the personnel and the experience.
