

# TIME IS MONEY.

Lost minutes result in lost dollars for many businesses. In this competitive market-place, every dollar counts. Time theft costs American businesses hundreds of billions of dollars each year. You could be losing more than 10% of your payroll through time theft.

Time and Attendance Products have helped businesses increase production, eliminate disputes regarding pay, accelerate payroll preparation, enforce the work schedule, and much more.

At Acroprint, we have been counting minutes for over 34 years and can help your company save valuable time & money. Offering products from manual print time recorders and electronic time recorders to badge swipe systems. Acroprint has the time tracking solution for your company.

## HEAVY-DUTY TIME CLOCKS MODEL 125 & MODEL 150

The Acroprint Model 125 and Model 150 time clocks use standard side print time cards and are ideal for large & small businesses to track employee hours worked, job cost tracking, and other applications.

**Model 125**

- Heavy-duty time clocks.
- Model 125 features manual print for printing legibly on various thickness paper/card forms.
- Model 150 features "one hand" electric print operation.
- Large, attractive, easy-to-read clock dial.
- Choose from 18 standard typewheel print configurations.
- Models available to print on right or left margin of form.
- Simple and easy to set and use.
- Accurate, synchronous electric motor, 120VAC/60Hz. Available in other Voltages/Hertz.
- Easy to install, ideal for wall or desk mounting.
- Automatic ribbon feed and reverse assures longer ribbon life.
- One year warranty on defects in workmanship & materials.
- Acroprint offers the best guarantee in the industry: Typewheels guaranteed for life of recorder against defects in workmanship and materials.

**Model 150**

## BATTERY OPERATED TIME CLOCKS

- Battery powered heavy-duty time clock.
- Portable operation allows accurate time records anywhere.
- Operates when AC power is not available or during power outages.
- Perfect heavy-duty time clock for construction sites, utility crews, highway crews, livestock & agricultural farms, forest service, and many more.
- Quartz control for extremely accurate time keeping.
- Easy battery change with warning light to indicate improper installation.
- Audible "beep" indicates weak batteries.
- Three standard battery power options are available:
  - BP125-6:** Completely portable, uses four standard alkaline "D" cells. (Batteries not included.)
  - BP125R6:** Best suited where power outages are frequent. Can operate for several days on batteries. (Batteries included.)
  - BP125-12:** Designed for use in motor vehicles with a 12 VDC battery. (Battery not included.)

## MODEL 200 CLIPPER STYLE TIME CLOCK

- Perfect versatile time clock for split shifts, punching in/out for overtime periods, job costing, and dispatching.
- Eliminates clocking in the wrong space and double printing.
- Ideal when punching exceeds the traditional 4 punches per day.
- Registrations from bottom to top of card enable easy direct subtraction when computing elapsed time.
- Automatic consecutive spacing adapts to all work schedules.
- Heavy-duty design.
- Automatic ribbon feed and reverse for long ribbon life.
- Easy to install on wall, table, or platform.

## MODEL ATR 440 CROSSSHIFT PAYROLL CLOCK

- Six column, semi or fully automatic, across the card, electronic payroll clock.
- Keeps time when AC power is lost.
- Fully operational battery—allows for up to 200 punches without AC power.
- Changes day or date automatically—no adjustments needed.
- Auto Daylight Savings Time adjustments—programmable.
- Two-color printing for quick audit of early or late punches.
- Signal control with calendar and variable duration for external signals.
- Internal audible signal ideal for office environment.
- Selectable standard or military hours, minutes, hundredths or tenths of hours.
- Choose day of week language or numbering.
- Selectable day change time.
- Adjusts to most standard 3 3/8" wide 6 column time cards.
- Features a large analog dial with a digital display.

## ESP180 ELECTRONIC TIME RECORDER

- Never needs resetting, always on time.
- Identifies early or late punches, makes auditing time cards faster. Just audit time cards punched outside of punching periods.
- User selects print configuration, choice of year, month, date, hour, & minute.
- Prints customized messaging in English or Spanish.
- Uses standard side printing time card or job card.
- Automatic Daylight Savings Time changes.
- Numbers up to 6 digits.
- Manual print activation.
- Mounts easily on wall or desktop.

## ES700

### ELECTRONIC PAYROLL RECORDER AND DOCUMENT STAMP

- Sleek design compliments any office surrounding.
- Once set, the ES700 will always be on time.
- 200 selectable print formats: year, month, date, day, 0-23 or 1-12 A/P hours and seconds.
- 13 preset messages: RCVD, SENT, IN, OUT, CMFD, FILED, PAID, VOID, CMPL'D, USED, ORIGN, FAXED, APR'D for use as a document stamp.
- Prints in four languages: English, Spanish, French, Portuguese.
- LH or RH margin printing. Uses standard time cards.
- User can select print format and choose manual, automatic, or semi-automatic.
- Password protected.

## MODEL 175

*ELECTRONIC PAYROLL RECORDER, TIME STAMP,  
NUMBERING MACHINE*

- Always on time, never needs resetting. LH or RH margin printing.
- Custom comments—allows user to program comments up to 3 lines or select from 7 preset messages.
- Stamp offers a 3 or 6 digit consecutive numbering, up to 9 repeats and auto reset.
- Over 300 selectable print formats using year, month, date, day, 0-23 or 1-12A/P hours and minutes, 100th, 10th, seconds with custom comments/messages.
- Comments/messages prints in 6 languages: English, German, Italian, Portuguese, Spanish, and French.
- Optional battery back-up to print when AC power is out.
- Password protected.
- Uses standard time cards.

## MODEL ATT 310 TOTALIZING TIME RECORDER

- Calculates employees' hours worked for weekly pay period.
- Never needs resetting, always on time. Features built-in battery back-up in case of power failures and automatic adjustment for daylight savings time.
- Prints elapsed time between pay period in 1, 6, 10, or 15 minute increments.
- Auto break/lunch deduct.
- 200 employee capacity.
- Select month to print in one of seven languages.
- ATT-311 time cards are required with time recorder.
- Optional battery back-up to print when AC power is out.

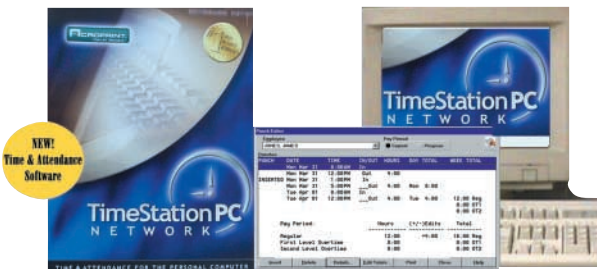

## TIME Q + PLUS TIME & ATTENDANCE SYSTEM

- Quit adding up cards! Generate and edit reports on your PC.
- Saves time & eliminates mistakes in payroll calculations.
- Handles up to 120 employees on weekly, bi-weekly, semi-monthly, or monthly pay periods including up to 12 shifts with two levels of overtime.
- Terminal displays hours worked for the day and pay period with each swipe of the employee's badge.
- Includes 50 encoded badges, one supervisor badge, PC interface software for Windows® and 50 ft. of interface cable. PC interface allows you to edit employee punches, view reports at your PC monitor, export data to 3rd party payroll programs, and save data to text file.
- Generates reports such as Time Card Summary, Hours Summary, and Who's In/Who's Out reports.

## TIMESTATION PC & TIMESTATION PC NETWORK

Employees simply "punch in and out" at their computer. Ideally suited for small businesses with up to 25 employees who want to automate their time and attendance process. TimeStation PC Network reports regular hours, two levels of overtime, vacation, sick/personal hours, holidays, and other categories. Supervisors can print Time Card reports, Hours Summary, and Who's In reports. User/password protected. The network version can be set for auto transactions, manual date and time entries or batch time slips. Operates on most Windows® operating systems. Never outdated, will accommodate future upgrades.

### System Requirements:

**Network Server PC:** IBM® PC compatible, Intel® Pentium 400Mhz or Higher, 128 MB Memory, 500 MB available hard disk space. Windows® NT 4.0 (SP4 or higher) 2000.  
**TSPC and Client PC:** IBM® PC compatible, Intel® Pentium 233Mhz or Higher, VGA 800 x 600, 64 MB Memory, 170 MB available hard disk space. Windows® 95B, 98, 98SE, NT4.0 (SP4 or higher) 2000.

TimeStation PC offers many of the same features as the Network Version but employees "punch in and out" at one specified PC.

## DOCUMENT CONTROL STAMPS

*ELECTRIC TIME/ DATE/ NUMBER/  
TEXT STAMPS*

Improve record-keeping at your business with document control stamps that offer an indisputable record of year, date, time, text, or number. Ideal for high volume document and form control. Acroprint stamps are suited for all applications controlling documents from front office purchase orders/mail to shipping/ receiving forms.

- Attractive style, heavy-duty design.
- Designed to handle several thousand registrations per day.
- Can accept forms up to 1/4" thick.
- Prints accurate date and time on documents.
- Features auto ribbon reverse for longer ribbon life.
- Optional upper and lower die plates.

Choose from a wide selection of Acroprint stamps listed below:
