Furniture Logistics and Management Project Final Phase: Modular Furniture Install

(LEFT) Nova's Furniture Technician visits a factory to learn installation techniques unique to this type of modular furniture

(BELOW) Nova's Installation Team unloads furniture boxes from the container trucks at the site

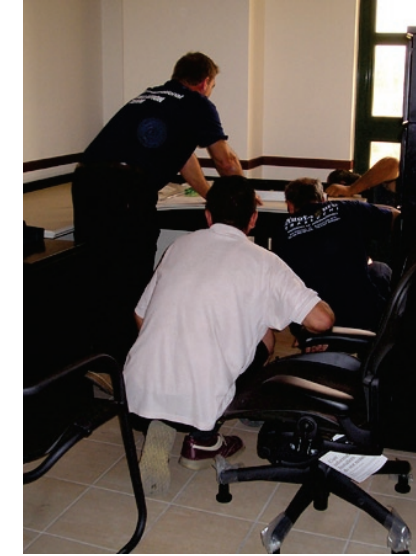

Furniture boxes are staged according to the order in which they will be installed

(BELOW) Detailed drawings and inventory lists are posted outside the door of each room to facilitate and expedite the installation process

Trash removal and organization contribute to a clean and thorough furniture installation

(LEFT) The furniture is installed under the supervision of Nova's Project Manager

(BELOW) A staff workstation is completed and ready-for-use

Another successful installation for Team Nova.
Another satisfied customer.
